Re: Ron Paul 2012 Presidential Campaign Committee, Inc. (Ron Paul 2012 PCC)  
ID: C00495820

While preparing a response to the recent RFAI letters, the Campaign discovered a significant number of instances in which contributors provided slightly different name and/or address information when making online contributions that prevented their contributions from being aggregated together correctly in the computer database records. The campaign has corrected those errors and taken steps to minimize the likelihood that problem will occur in the future. Amended reports have been filed from the inception of the Campaign to date to correct these reporting discrepancies.

Sincerely,  
Lori Pyeatt  
Treasurer
